## 1. INTRO

### 1. Introduction

In the dogehouse of established meme coins, Shibacoin howls with an even wilder spirit! We, the Shiba Army, believe that crypto shouldn't take itself too seriously. Shibacoin injects a dose of fun and community into the blockchain space, rewarding loyal holders and fostering a playful atmosphere. Join the pack and unleash the power of the Shiba!

### 2. Shiba's Howling Objectives

- Fun & Community: Foster a playful and welcoming crypto space for everyone.
- Reward Loyalty: Unleash the power of the Shiba Army through holder benefits.
- Decentralized Fun: Make DeFi accessible and enjoyable for all.
- Lighter Side of Crypto: Inject some fun and laughter into the blockchain world.

## 2. ROAD MAP

### Phase 1

Launch & Community Building

- Community Growth
- Marketing & Awareness

### Phase 2

Fun Unleashed

- Gamified rewards
- Shiba swag
- meme contests

### Phase 3

Pack Empowered

- Exploring DeFi
- ShibaDAO
- staking rewards

### Phase 4

Surprise Howls

- Unexpected perks
- Exciting developments

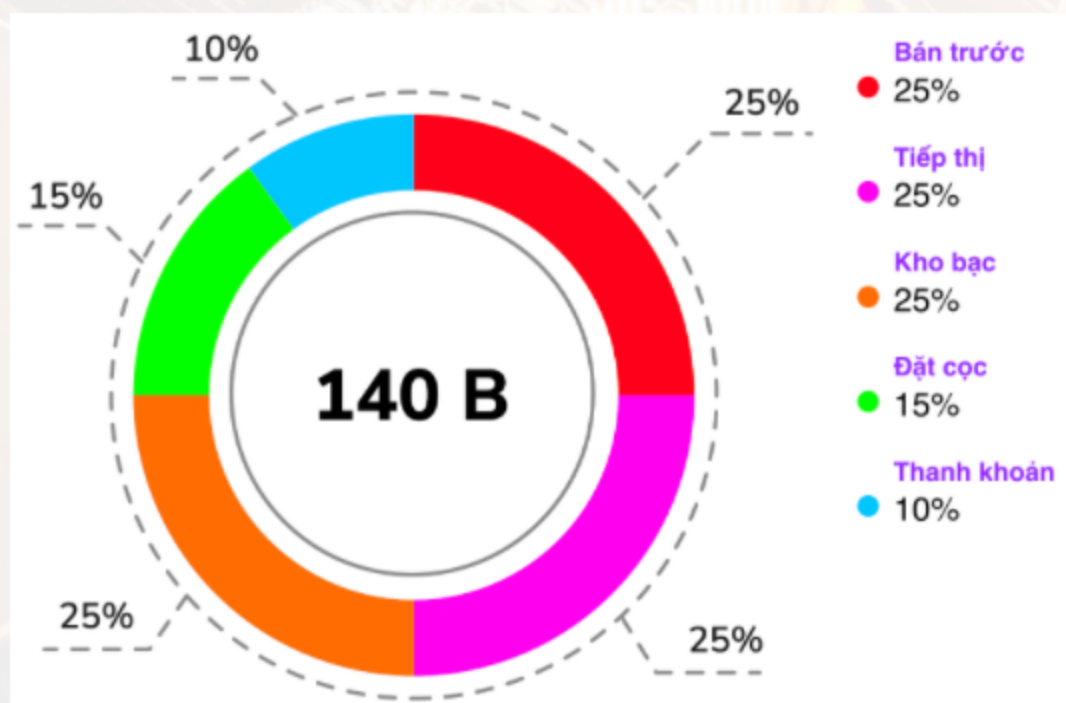

### 3.TOKENOMICS

# Token Information

\$SHIL tokenomics include smart staking rewards, meaning you can earn right away.

- 25% of supply sold in presale
- 25% allocated to marketing
- 25% for the project treasury
- 15% used for staking rewards
- 10% for exchange liquidity

# 4. STACKING

## A Rewarding Future through Staking

ShilabePrime's staking mechanism is designed to incentivize long-term token holding and foster a robust community of engaged users. By staking your ShilabePrime tokens, you contribute to the network's security and stability while earning attractive rewards.

## Sustainable Rewards Plan

ShilabePrime is committed to rewarding its stakers throughout the project's lifecycle. Here's a glimpse into the planned allocation for staking rewards:

### Year 1: 12.5% Allocation (17,500,000,000 tokens)

The inaugural year offers a significant allocation to incentivize early participation. Staking during this period allows you to maximize your earnings and become a foundational member of the ShilabePrime ecosystem.

### Year 2: 2.5% Allocation (3,500,000,000 tokens)

ShilabePrime maintains a commitment to rewarding stakers in the long run. The allocation rate will be strategically adjusted to ensure the program's sustainability while continuing to deliver attractive returns.

## Effortless Staking Experience

Participating in ShilabePrime staking is designed to be straightforward and user-friendly. Our intuitive interface and smart contracts allow you to seamlessly stake your tokens with just a few clicks. Once staked, your ShilabePrime tokens will actively contribute to the network's security and validation processes, generating rewards for you.
